- Equipped with a perfect pre-shaped protective stripe to avoid the painful pressure on toes.

Anatomic footbed **Dry'n Air r**emovable with **air circulation system**

Dry'n Air®

ANTI-FATIGUE SOLE WITH CUSHIONING EFFECT

AirTech®

tpu-SKIN®

An exclusive technology, which allows to reduce the outsole's thickness (the hardest and heaviest part) into a thin layer of some tenths of millimeter, called TPU Skin.
By increasing the midsole's thickness (the lightest and softest layer) through the air-tech technology, we obtain one of the most flexible and anti fatigue sole (**higher cushioning effect**).
More flexibility and less pressure on the metatarsal, which allows to walk like on a soft carpet.

Base feel the comfort

ATTITUDE B0670 S1P SRC

Available sizes 35-42
Width 10 women
